The purpose of this document is to show how to find the MTP app on the iPhone and Android

Setting up the app on the iPhone

On your iPhone, open up the App Store. In the search box type in “Membership Tracking” and the app should pop up like the pictures below. Download the app and the blue icon should show up on your iPhone’s home page.

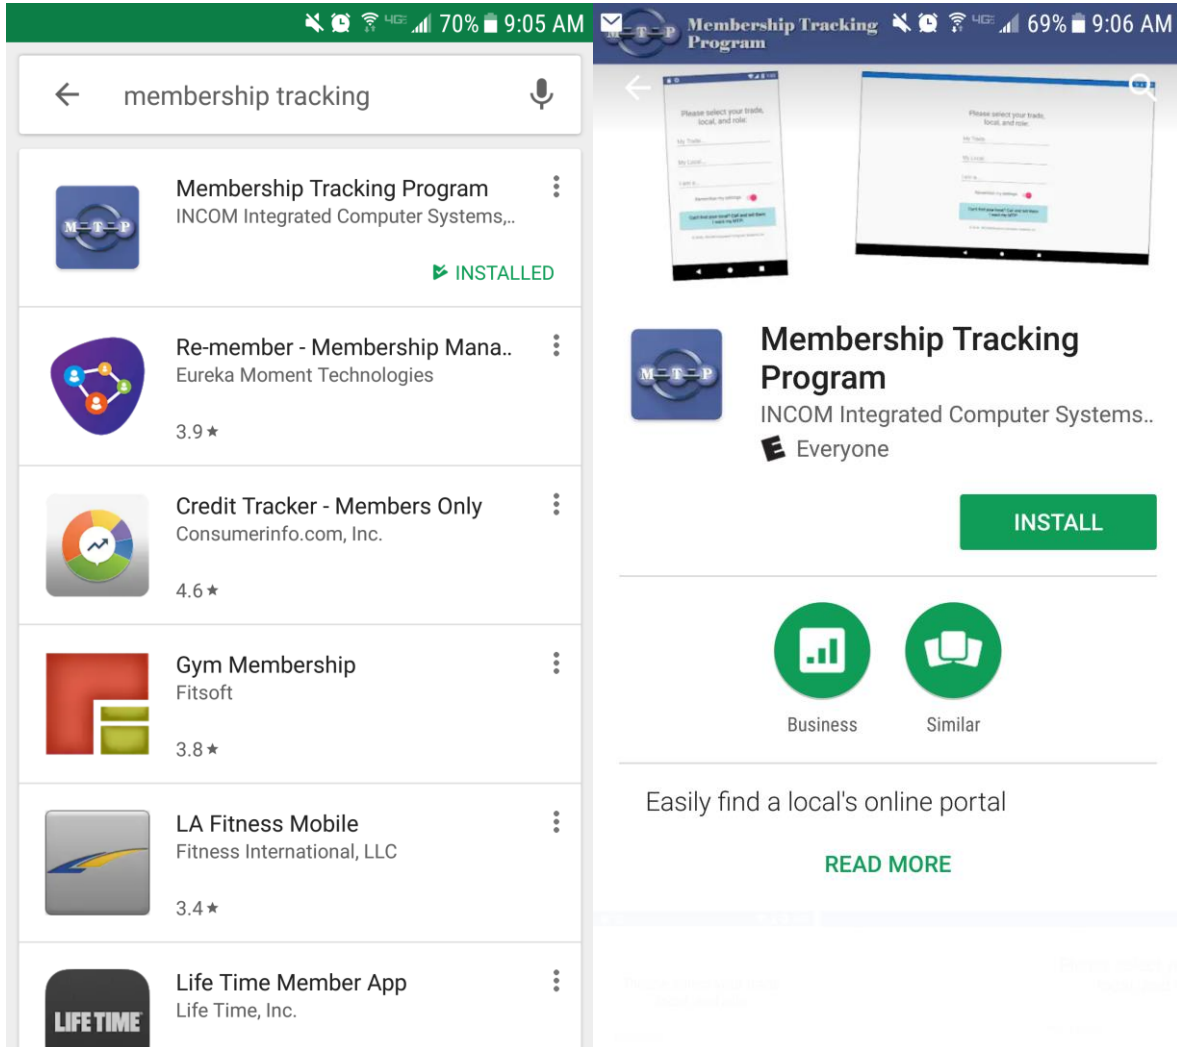

Open up the app and you'll see the welcome screen (picture on the left) Click on "My Local Portal" (in the red box) to bring up the portal options. Choose what local you are with by tapping on the local number in the 2nd row then choose whether you're "Member" or "Agent." Then click on "Go"

Setting up the app on the iPhone

On your Android, open up the Google Play Store. In the search box type in “Membership Tracking” and the app should pop up like the pictures below. Click “Install” and the blue icon should show up on your phone’s home page.

Open up the app and you'll see the welcome screen (picture on the left) Click on "My Local Portal" (in the red box) to bring up the portal options. Choose what local you are with by tapping on the local number in the 2nd row then choose whether you're "Member" or "Agent." Then click on "Go"
